Secondary (key stage 4) performance in 2016

These are provisional results and reflect the performance of pupils who finished key stage 4 (when most pupils finish their GCSEs) in 2016. We will publish revised figures in January 2017, these updates will include; late results, amendments following re-mark requests and pupil changes made when schools check the data. These provisional results were published in October 2016.

'Progress 8' score (progress made during secondary)

Progress 8 tells us how well pupils at this school have progressed between the end of primary school (key stage 2) and the end of secondary school (key stage 4), compared to pupils in other schools who got similar results at the end of primary school. This is based on results in up to 8 qualifications, which

include English, maths, 3 qualifications including sciences, computer science, history, geography and languages, and 3 other additional [approved qualifications](#)

More about this data

Figures in the performance tables will only include those qualifications documented on the list of approved qualifications for the performance tables - for example, they will not include unapproved international GCSEs. Schools that offer unapproved qualifications may find that their performance against some headlines measures such as 'Pupils achieving a grade C or better in English and maths GCSEs' may be recorded as 0%.

Guidance and supporting documentation on school performance tables:

- [Methodology and technical documents](#) (opens in a new window)

State-funded schools (local authority maintained schools and academies) are held to account for their performance against these measures when finalised. We publish results for independent schools, but they are not accountable against these measures.
